

# Social Media Guide for Teachers

Social media is a powerful tool for creating awareness. Together, we can share the message that homelessness is wrong.

Students at **School's Name** are putting their voices behind something we believe in. We're taking part in @FocusIreland's #ShineALight sleep out, proudly supported by @BordGaisEnergy, to raise funds and awareness for the fight against homelessness.

Homelessness is one of the most pressing issues of our time. At **School's Name**, we believe in fostering social awareness and encouraging open conversations about homelessness as a reality for many, and shockingly more and more children. Enough is enough.

**School's Name** will be sleeping out against homelessness for @FocusIreland's #ShineALight, proudly supported by @BordGaisEnergy.

We are empowering our students with the facts about homelessness, and how they can take action to make a difference. Children are particularly vulnerable after they have lost their home. As the number of families entering homelessness continues to rise, we are acting to ensure they are protected.

Our students are working hard to prepare for the night, we want to ask for the support of all the friends and family of our school community. Please donate to our school fundraising page: <fundraising page link>.
